

Solar Hot Water

Solar Hot Water Page

Insert a visual diagram showing how a solar hot water system works.

Create a new page for your iWeb

Title the page "Solar Hot Water"

Conduct simple research that includes:

- Copy and paste each web address that you use so that we can include in the reference page.

- Complete research items #1-4

1. **How does a basic solar hot water system work? - 3 sentences**

2. **Describe one type of hot water system. - 4 to 5 sentences**

3. **Include one visual diagram of a solar hot water system.**

4. **Include a video about how a solar hot water system works.**

- Drag the YouTube widget to the page.

You can drag almost anywhere on the page, including to a media placeholder.

- In the YouTube window that appears, type the YouTube URL for the video, or copy and paste it from YouTube

Insert a video that shows, describes or demonstrates how a solar hot water system works.

**** Watch the time! With three minutes remaining in class save your page and PRINT the page. You must turn in what you have completed today.**

Be sure to write your name on your page after printing.

** If there is time remaining please go back to your previous pages and work on items that may not be finished. I will be assessing progress of these page this weekend.
